MyHealthily Now Includes Age Banding

[ENGLEWOOD, NJ, November 22, 2022] — MyHealthily Insurance Solutions announces their full-service platform now includes age banded pricing for all fully-insured plans.

“Including age banding for all of our fully insured products is a huge step in the right direction. At MyHealthily we like to do things different and this addition to our platform is just one of the ways we stand out.”

-Jeremy Mclendon, VP of MyHealthily

Age banded pricing is now available throughout the MyHealthily platform. A few states require this type of pricing where the pricing of a health insurance plan is dependent upon the age of an employee and their dependents. We took it upon ourselves to offer this type of pricing for all fully insured plans throughout our entire platform. This means you can see age banded or composite (traditional) pricing in all 50 states.

Brokers who utilize the MyHealthily platform are now able to not only save time, and paperwork, while offering more plan options in seconds, they are offering the best pricing. This software release further ensures the best offerings and provides brokers with the opportunity to increase their personal revenue, while being on the forefront of health insurance technologies.

###

For brokers and agents who seek to provide small group benefits, **MyHealthily Insurance Solutions, LLC**, is the customer-centric, association-approved platform. Our proprietary platform provides agencies differentiation through plan options, streamlined software and profitability. Currently partnered with 40+ associations across the United States, MyHealthily is solving the biggest pain points for small businesses and the agents that serve them.
