MyHealthily Announces New Benefits Partnership

[ENGLEWOOD, NJ, January 3, 2023] — MyHealthily Insurance Solutions announces New Benefits suite to be included in level-funded coverage options.

“We are changing the way agents and brokers look at selling health benefits. By ensuring groups have more choices that include items to help them through their daily lives is an amazing step in the right direction.”

-Michael Malhame, CEO of MyHealthily

Level-funded coverage is still a new option for many small businesses and adding non-insurance coverage from New Benefits will help reduce healthcare costs throughout the year for those enrolled. The New Benefits non-insurance suite included in level-funded plan options through MyHealthily includes TeleDoc, TeleCounseling, Health Advocacy, prescription savings, exclusive discounts, and travel discounts all at no extra cost and no fees to use.

Each of the items included in this suite is purposely thought out to meet the needs of clients with \$0 co-pay and no additional cost, saving on out-of-pocket expenses for employers and employees. Employers enrolled in level-funded plans through MyHealthily in 2022 saw an average of a 12% refund of premium paid throughout the year. The average refund of 12% is further improved with additional this additional suite from New Benefits.

MyHealthily and their all-in-one platform is changing the way brokers and agents review, quote, sell, enroll, and service small group benefits for the better!

###

For brokers and agents who seek to provide small group benefits, **MyHealthily Insurance Solutions, LLC**, is the customer-centric, association-approved platform. Our proprietary platform provides agencies differentiation through plan options, streamlined software and profitability. Currently partnered with 40+ associations across the United States, MyHealthily is solving the biggest pain points for small businesses and the agents that serve them.
