

## We help differentiate the agents who serve small businesses

MyHealthily leverages the power of technology to help you quote, enroll, and manage small group health insurance profitably. Gain access to medical and ancillary rates in real time. Employees can enroll online in minutes with zero paperwork. Easy to use. Keep 100% of your commissions.

### Our Mission

We are scaling MyHealthily to meet the employee benefit needs of small businesses and the agents who serve them.

### More Choices

Access to the largest variety and best set of benefit choices including fully insured, medically underwritten and ancillary/voluntary health insurance products.

### Streamlined and Profitable

Intuitive process and technology that makes securing, administering, and retaining small group health insurance consistently profitable and easily repeatable. We do this by eliminating paperwork associated with quoting and enrollment through an easy-to-use technology platform.

### Empower Your Clients

Offer your clients an innovative experience with a simplified shopping process for small business owners. Give them the transparency they deserve in their healthcare buying decisions with complementary tools to manage costs throughout the year.

### Let's Work Together

We are helping agents develop a plan to allow their clients to reduce their current spend, deductibles, out of pocket during the medical year, and control future premium increases.
